

Download the app

- 1 Install Zoiper app from **Google Play** (free download) and launch the app. The first screen you will see on startup is the dialpad.

Set up Your Account

- 2 However, to begin using the app you'll need to set up your account, so click the **'Config'** button on the top right. From the 'Config' screen, click **'Accounts'**.

- 3 Click the **'+ Add account'** in the top of your screen to set up your new account.

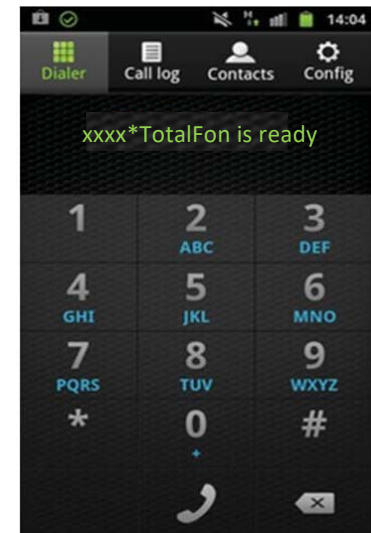

- 4 Choose **'SIP'** from the 'account type' screen.

- 5 Enter the values below:
 - Host: **sip.totalfon.net**
 - Username and Password: Enter details received by email
 - Tap on **Save**

- 6 Once your service is registered you will see your service is ready for use

**Dial numbers as:
COUNTRY - CITY - TEL - CALL**
